Our memories are made of things we
do everyday for us to always to
cherish.

These are our moments as we live
them, of everything we say or do.

Everyone belongs at M.H. We are all very much a part of this school. We study together, play together and love together. For we are all a part of each other.

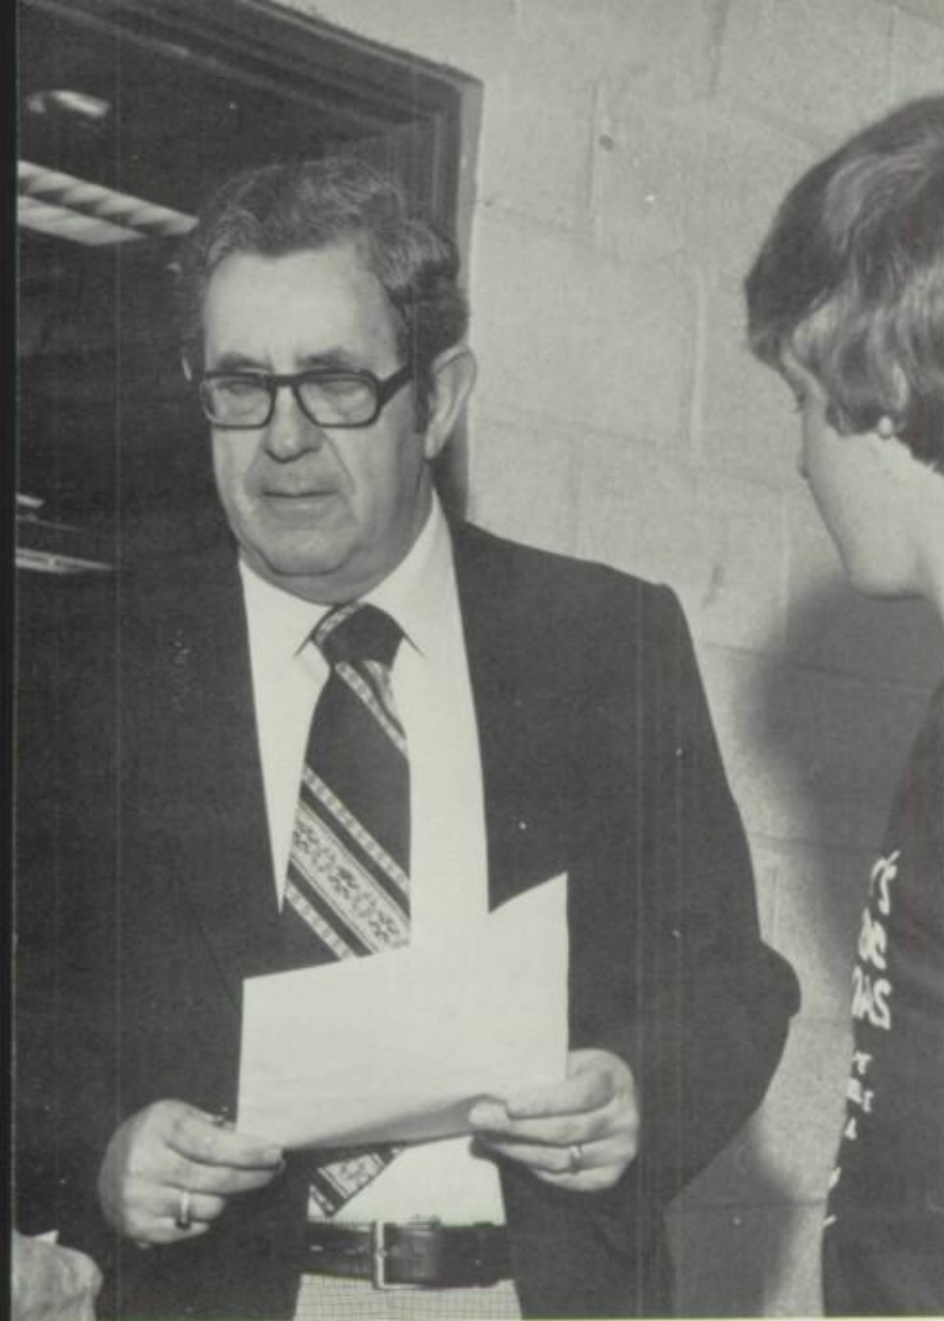

Our Lives are touched by little things we do each day, whether it be boredom or excitement, we can say we were there.

8:00 — The most dreaded time of day during a school year. There's always the long bus ride or trying to find a decent parking place. And of course, there are the mad rushes to the lockers.

Sometimes you have to talk to Mr. Williams about that little incident that happened the day before or get your note stamped by Mrs. Goodman. But you're always able to settle down and start working although there are some who just can't seem to get awake.

After second period there is a time set aside for worship. Chapel usually consists of singing, praying, and the reading of the scripture. It is a time when the student body and the faculty alike can come together and worship God. Of course, after the worship there is always the seemingly endless list of announcements.

School isn't always work. There are times to do your own thing whether it's playing basketball, playing piano or just sitting and talking with a friend.

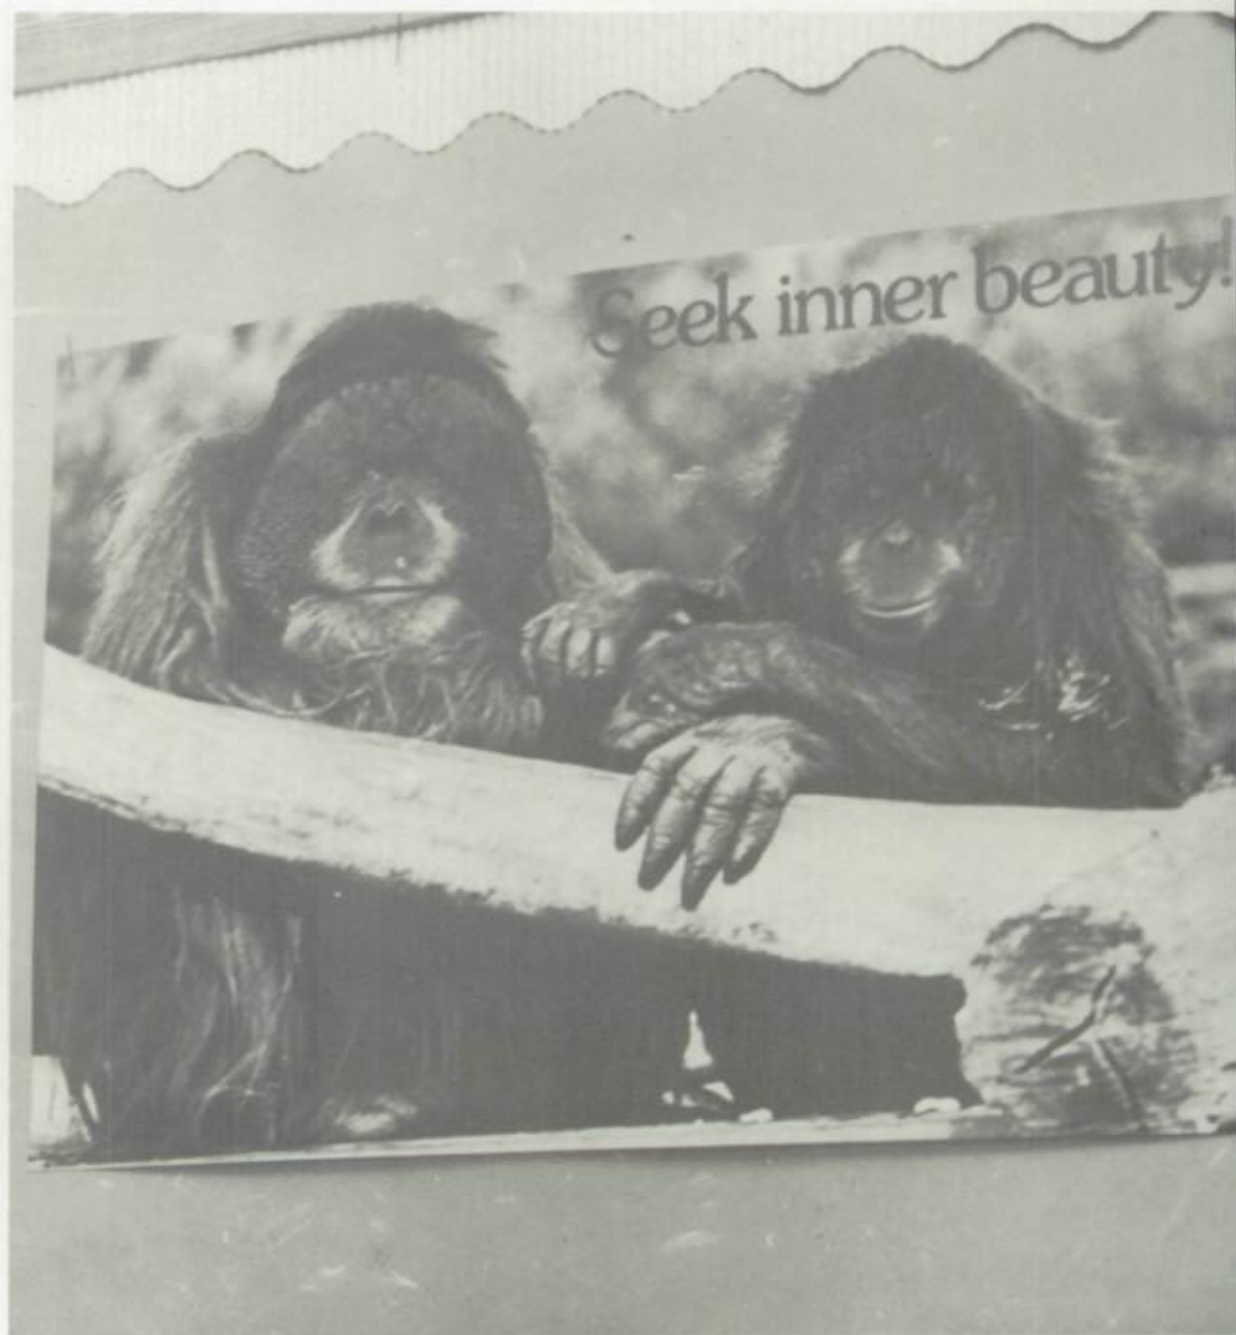

Lunch is always a welcome break for the middle of the day. It is a great time to get together with friends and have a few laughs or find out what was on the history test.

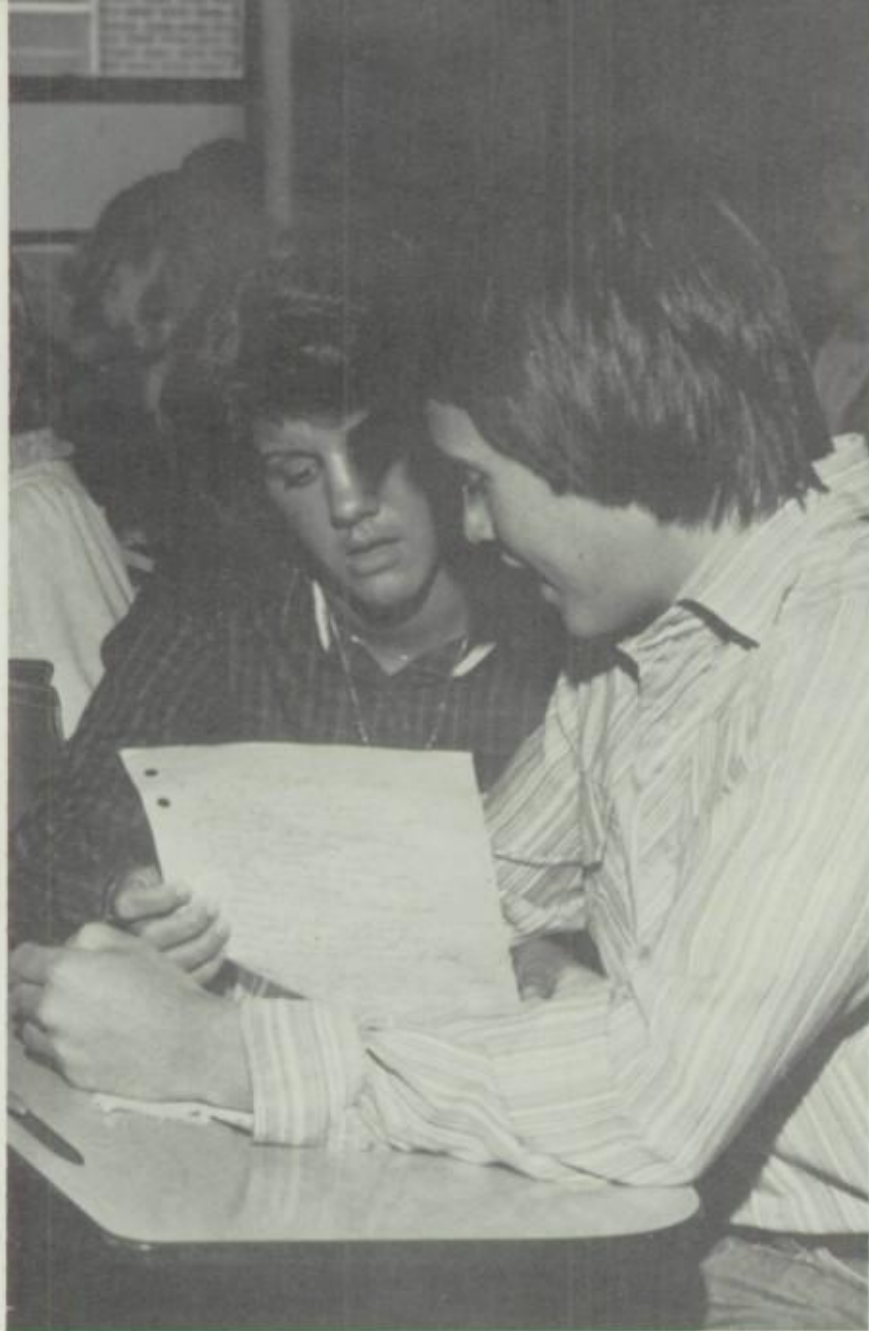

Lunch is a time when you can get a few laughs from the crowd. It is a time when the seniors get mad at the juniors for laughing too loud . . . everyday.

There are some days when nothing seems to go right. Those days when dropping your books in the hall and being locked out of the bathroom are regular things. But around you are little reminders of what we should do.

It's always nice to have someone you can talk to, whether it's during a break in chapel, quickly cramming for a psychology test or just one of those quiet little walks between classes.

Everyone has their own place at Mars Hill. Some are athletes, some are singers, others just like to help someone. But everyone seems to blend together with each other to form a whole.

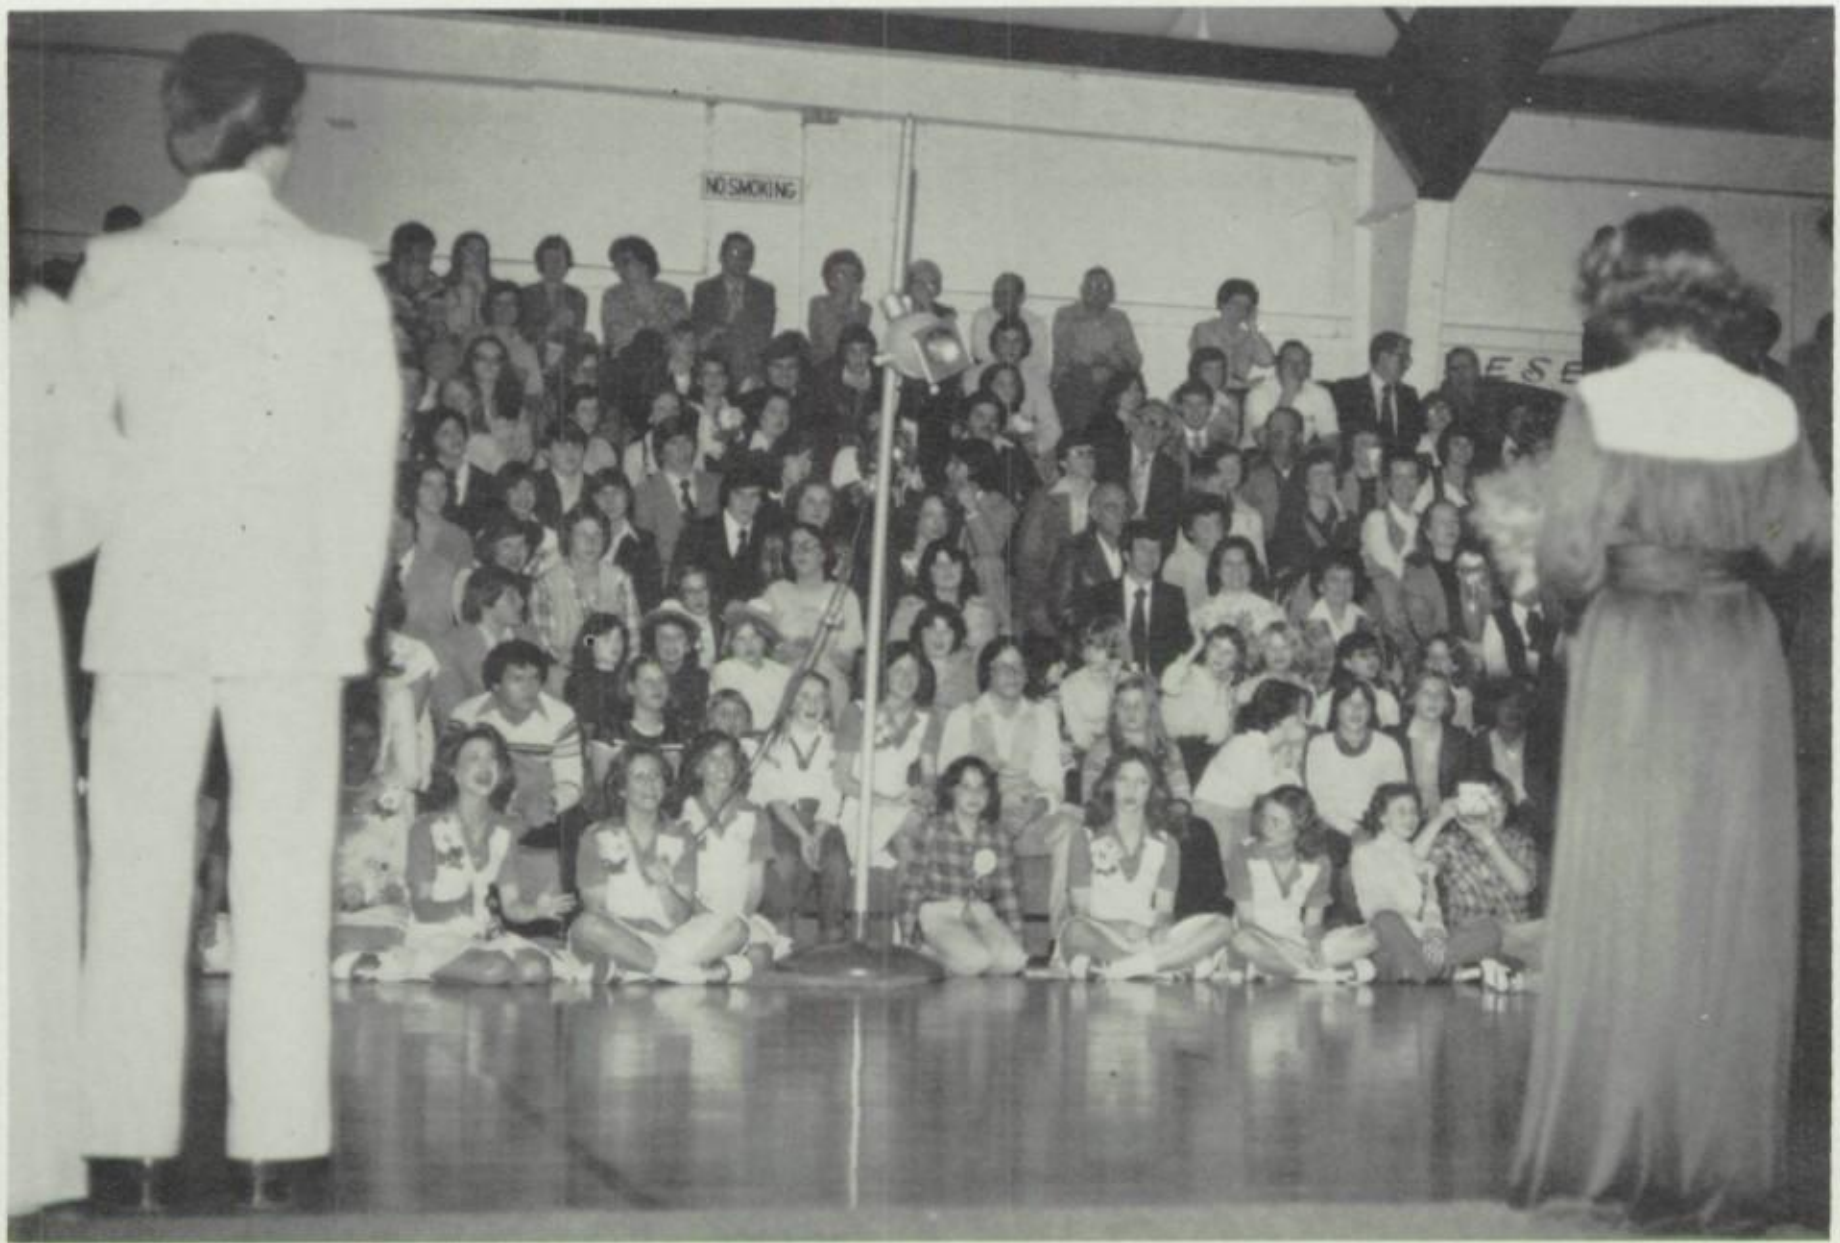

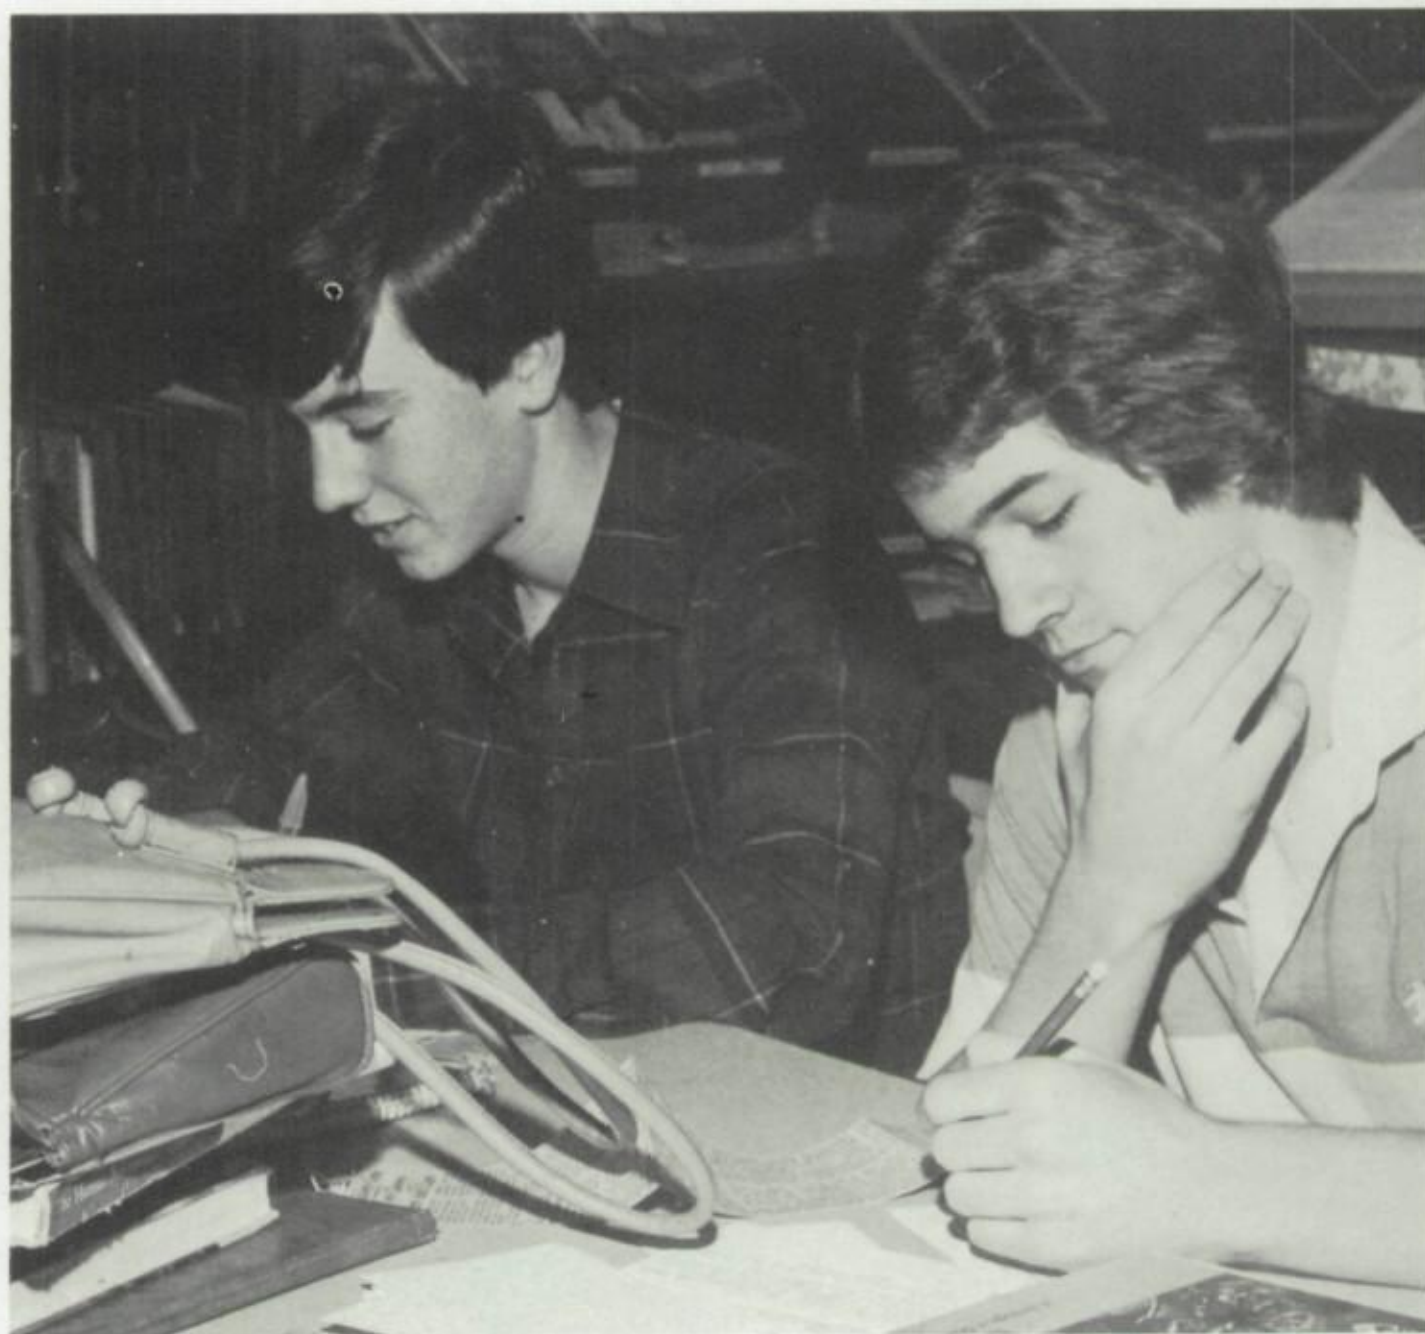

Being with friends is what fifty per-
cent of school is. Talking about prob-
lems or just sitting and knowing you
have a good friend with you just always
seems to make the year special.

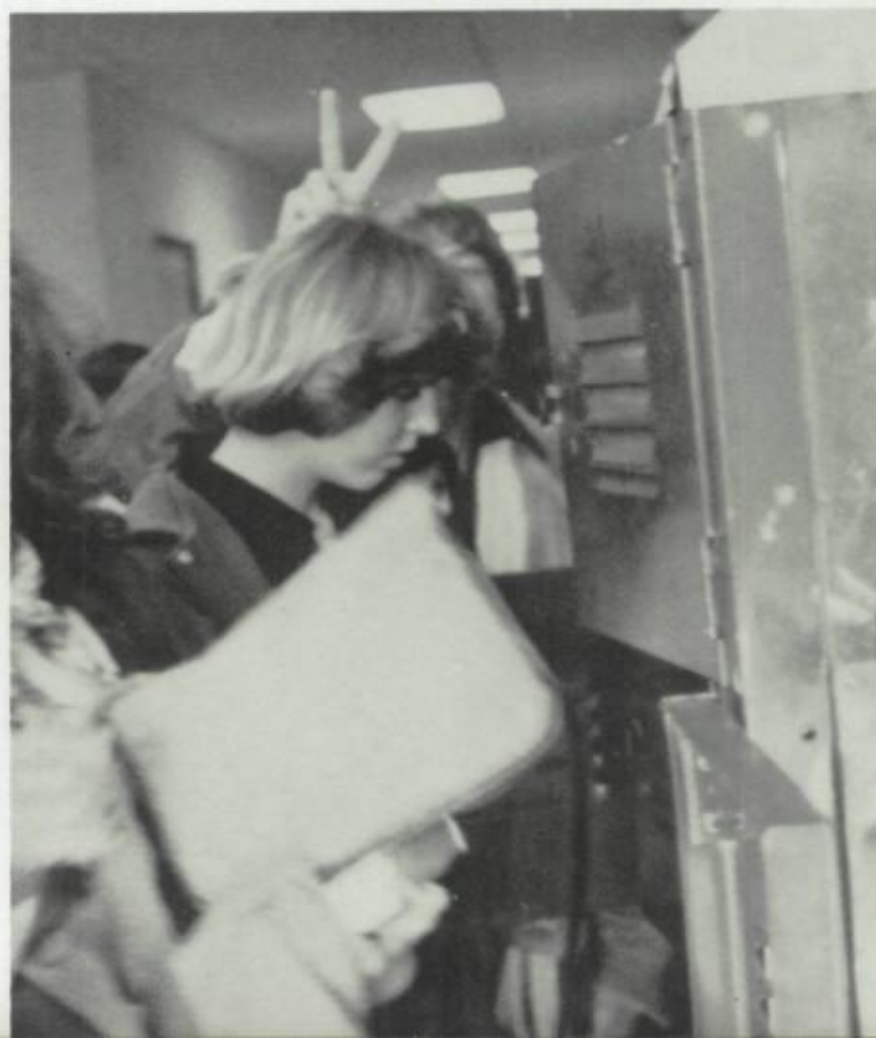

Kim Phillips reigned as queen for the 1978-79 Homecoming. She is shown on the opposite page being crowned by 77-78 queen, Andrea Anderson. It was a very formal event for everyone. Well, almost everyone.

There are so many things that go together to make up a school year it is hard to mention them all. There are the never-ending elections, magazines and term papers in the library, or just goofing off between classes.

There are the times of helping someone with a math problem, receiving the long-awaited newspaper, and of course the special times such as the Junior-Senior Banquet.

People are what really make up Mars Hill. Whether teacher, student, or office worker, everyone has that one common goal.

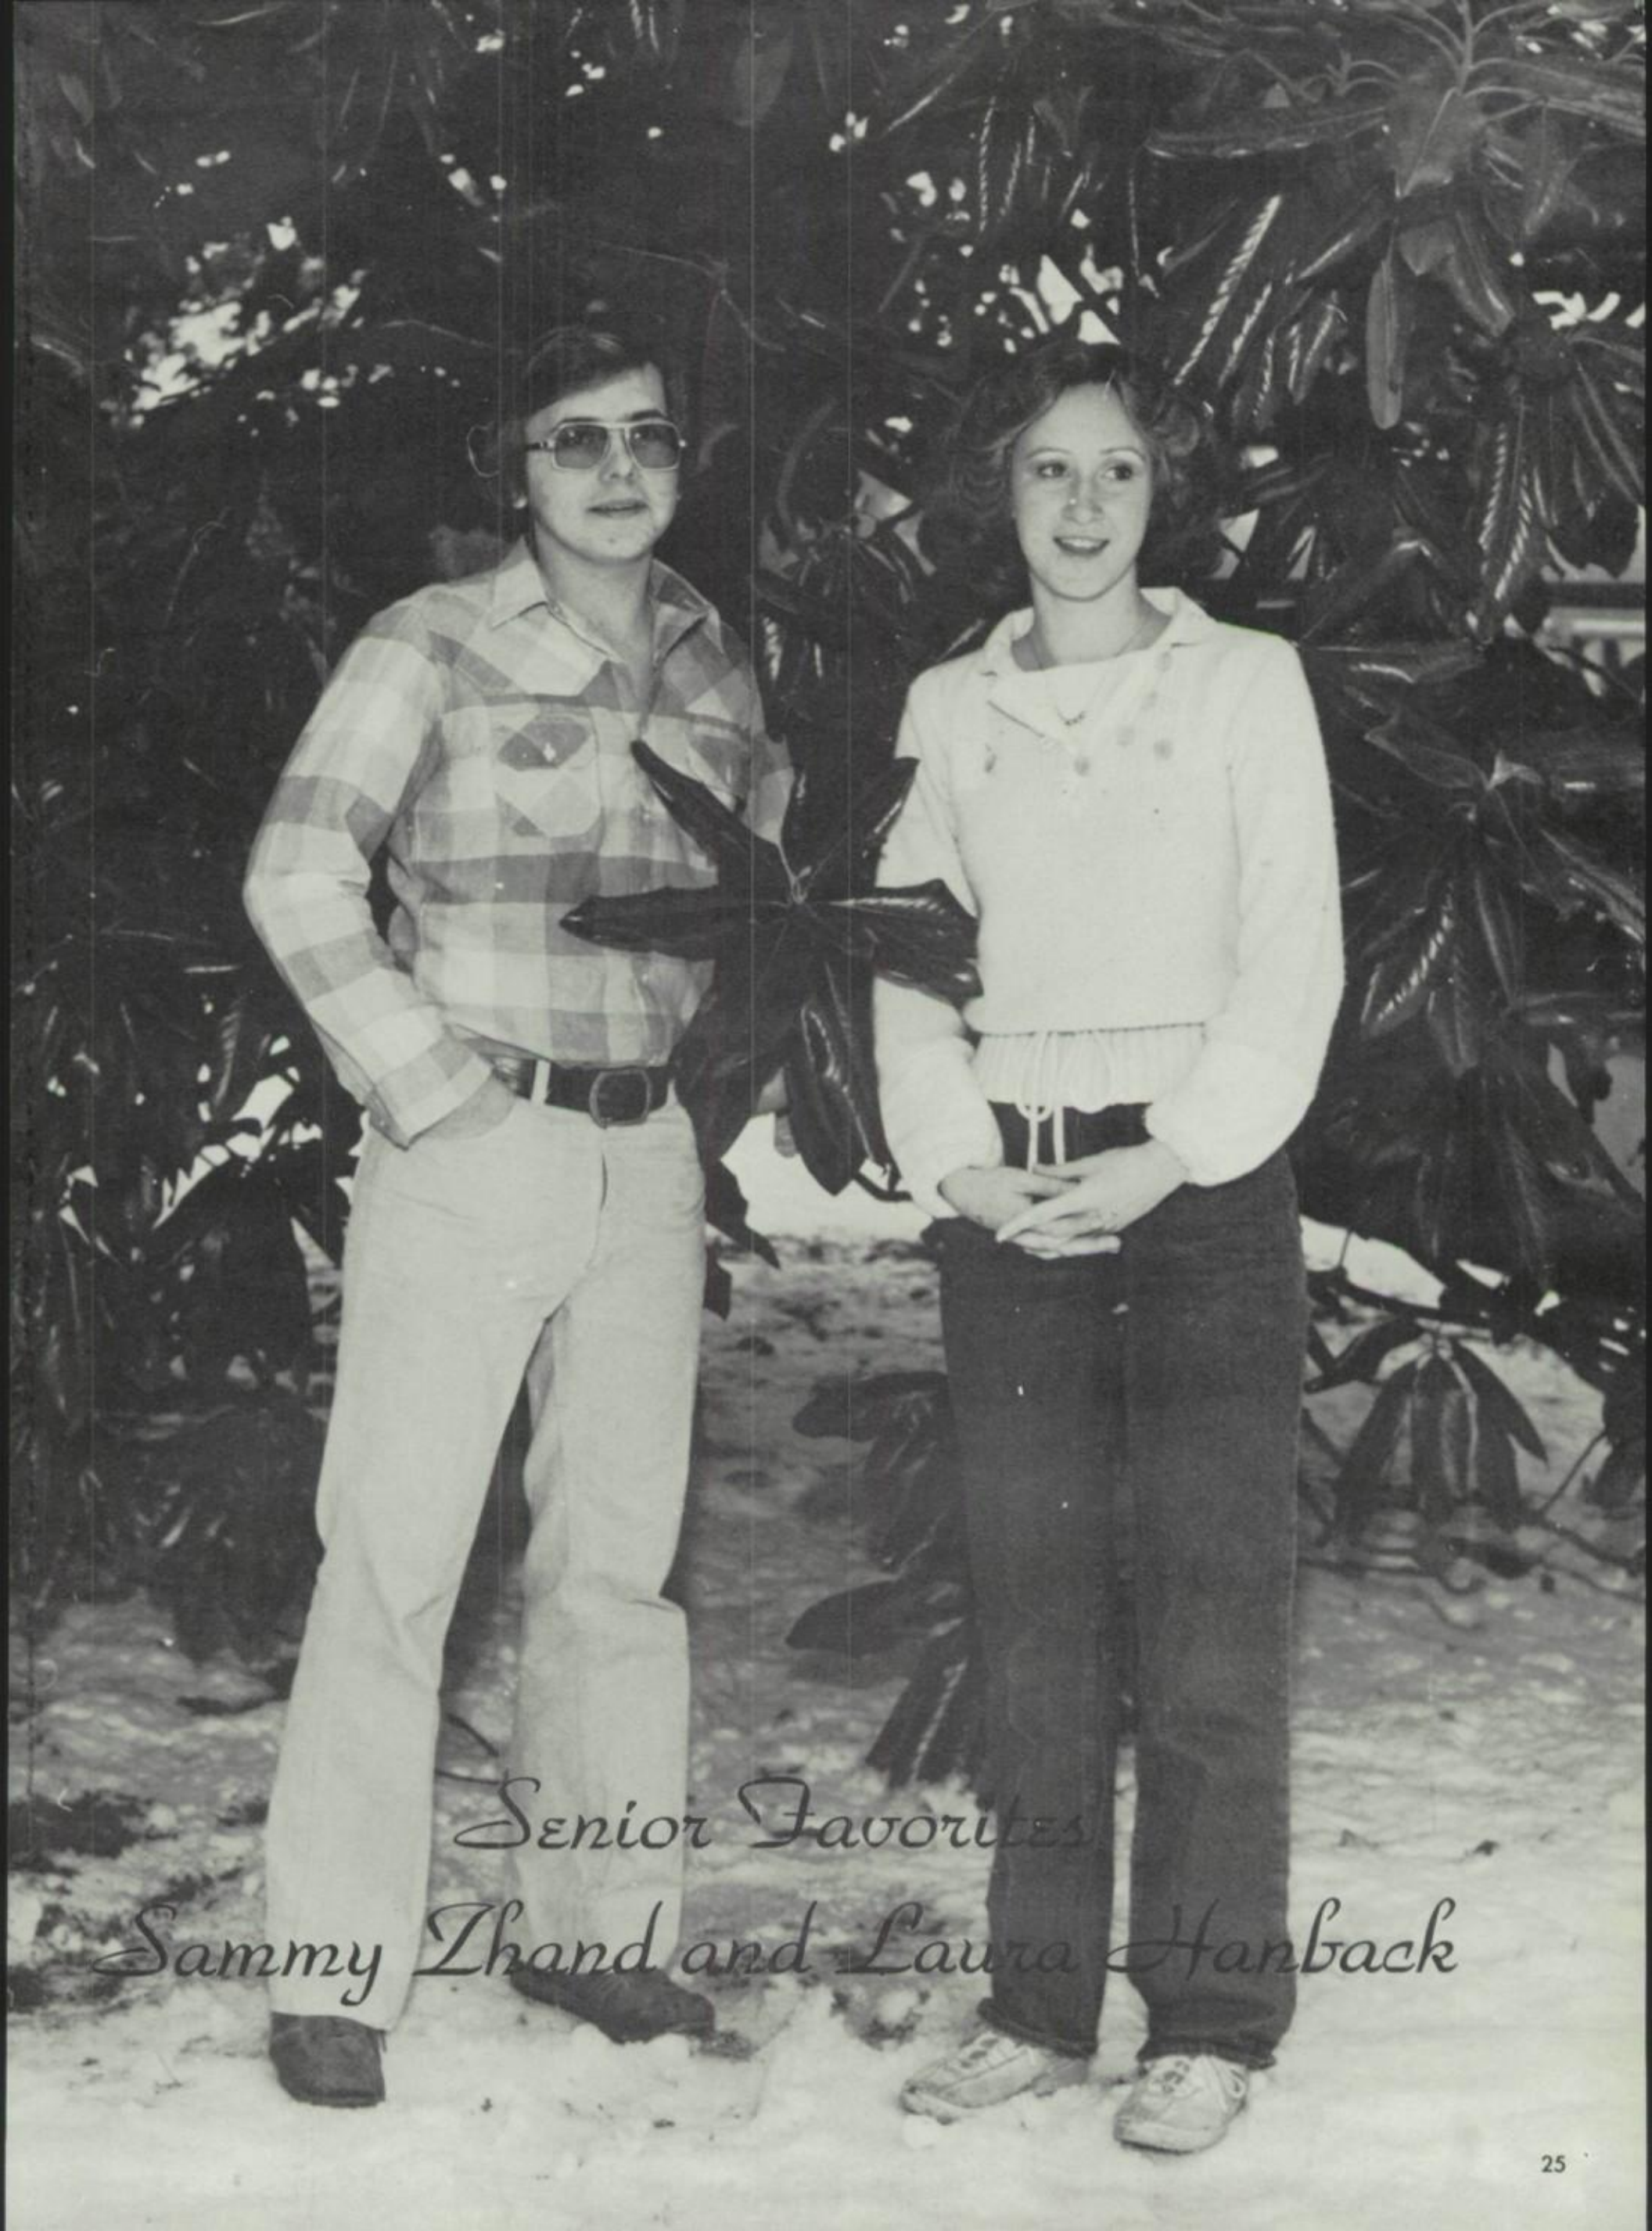

Whether athlete, guidance counselor or just someone who likes to play ping-pong, everyone blended together to make the 1978-79 school year one of the best ever.

David and Lisa Take Top Honors

Valedictorian David Wilhelm (right) finished his senior year with a 4.00 average. Salutatorian, Lisa Banks (below) graduated with a 3.86 average. These two worked hard to receive these grades, but it all paid off in the recognition and awards they received.

Seniors with a 90 and above average were (bottom right) 1st row: Paul Starks, Lisa Banks, Sara Richardson, 2nd row: John White, Lora Watkins, David Wilhelm, Nan Hargett, 3rd row: Jan Beavers, 4th row: Anthony Parker, Lindsey Hall, Hal Kimbrough, 5th row: Christy Nestor, Rhonda Sain, Phillip Ticer, 6th row: David Voce, Donnie Moody, Braxton Bogus, 7th row: Donna Lyons, Charlie Gann.

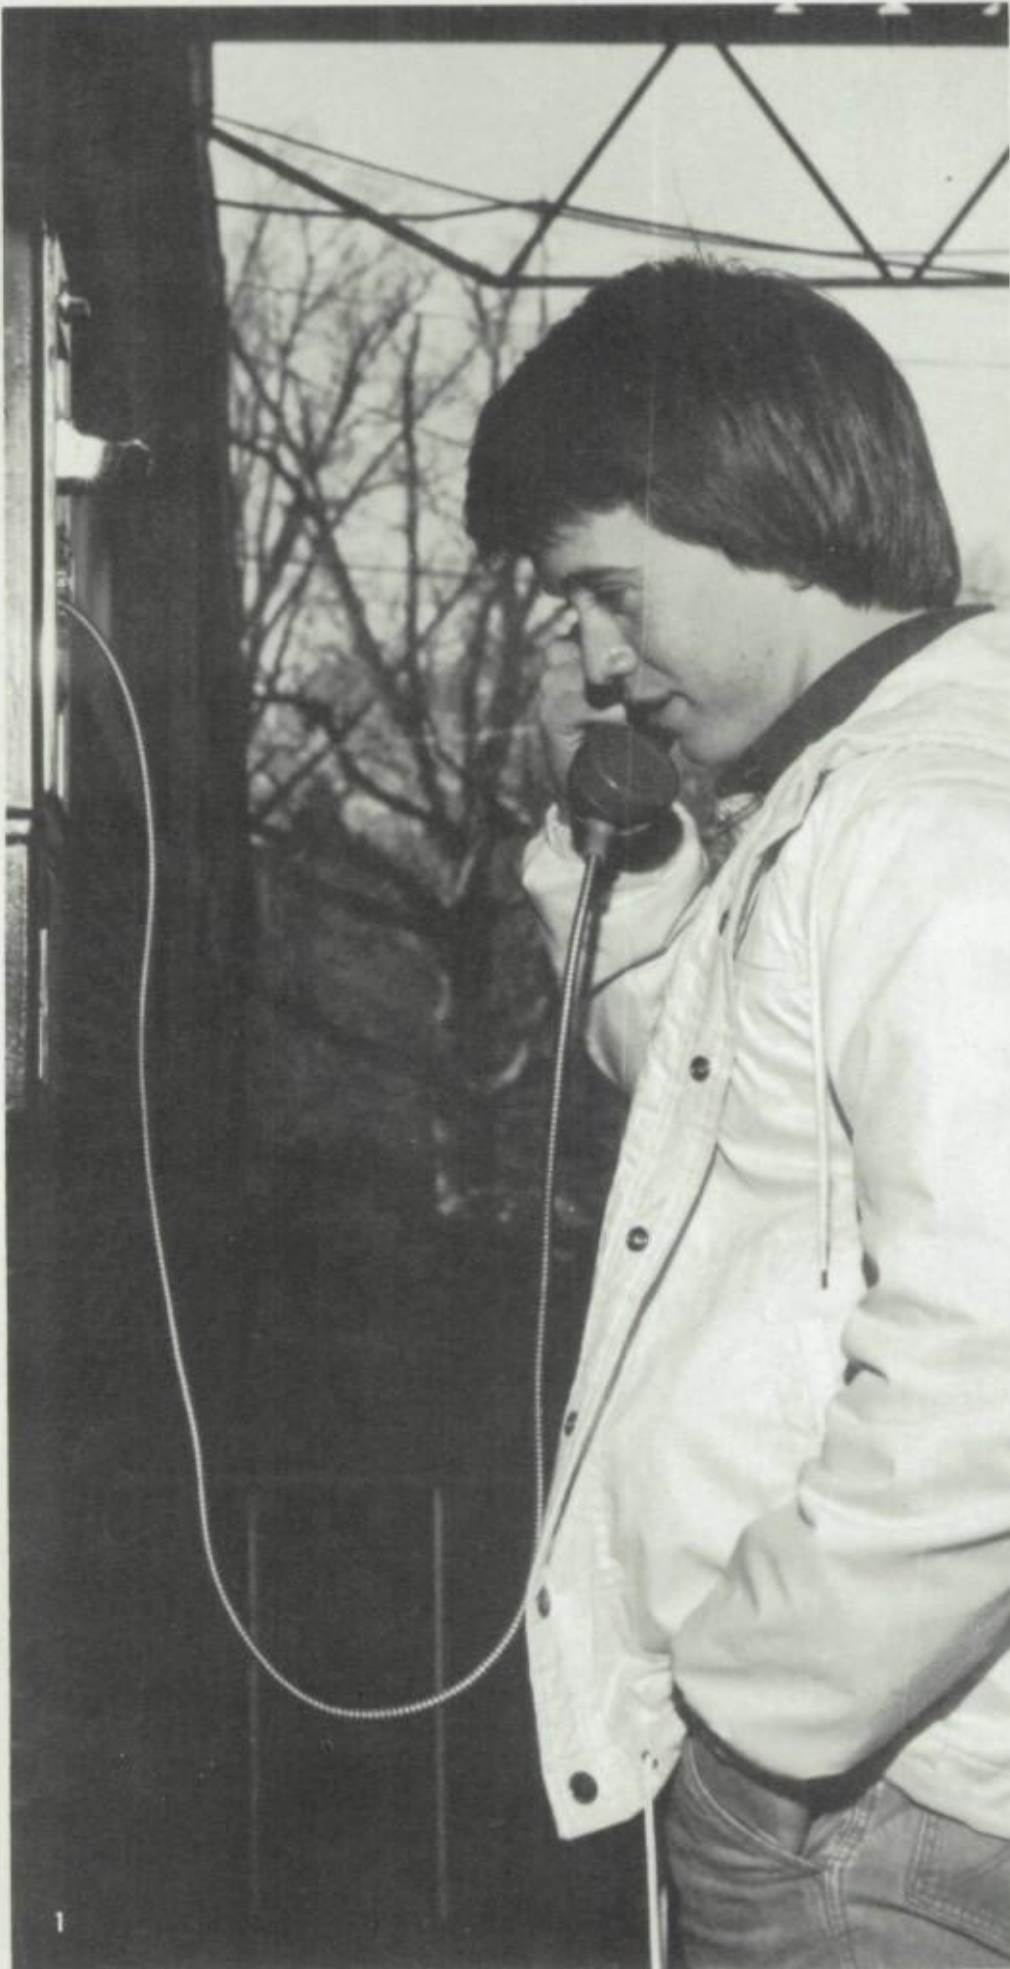

Representing Girls' State from Mars Hill this year was Lora Watkins (left). Lora and a lot of other girls from all over Alabama spent a week together learning about the world of politics. Lora also received the DAR award for her outstanding citizenship and her leadership.

Boys' State Representatives were Braxton Bogus, David Wilhelm, and Lindsey Hall. Being selected as Boys' State Representatives is an honor, but its no vacation. The boys are taught discipline, but they meet a lot of new people they could meet nowhere else.

The 1978-79 Panther Baseball Team Finishes 2nd in State!

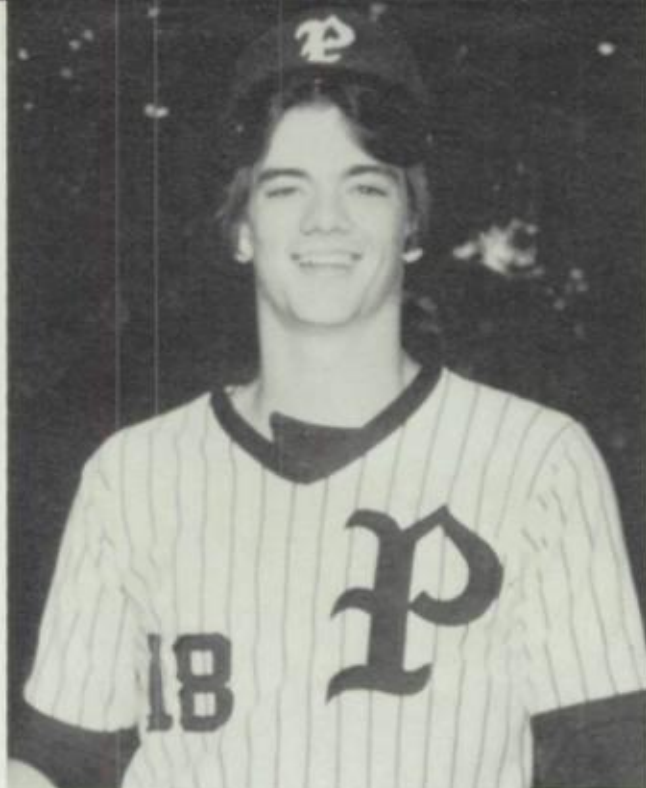

This was Coach Willingham's third year as the head man of panther's baseball team. And, again, they had a very good year. They finished with a 20-7 record. Many coaches have never seen such a good record but it's an every year thing for Coach Willingham. In his three years as the head man of the panthers, he has won two state championships and finished second in the state this year. He must be doing something right. He is respected by his players and the fans of MH baseball alike.

Panthers Excel in All Areas of Game . . .

. . . Hitting.

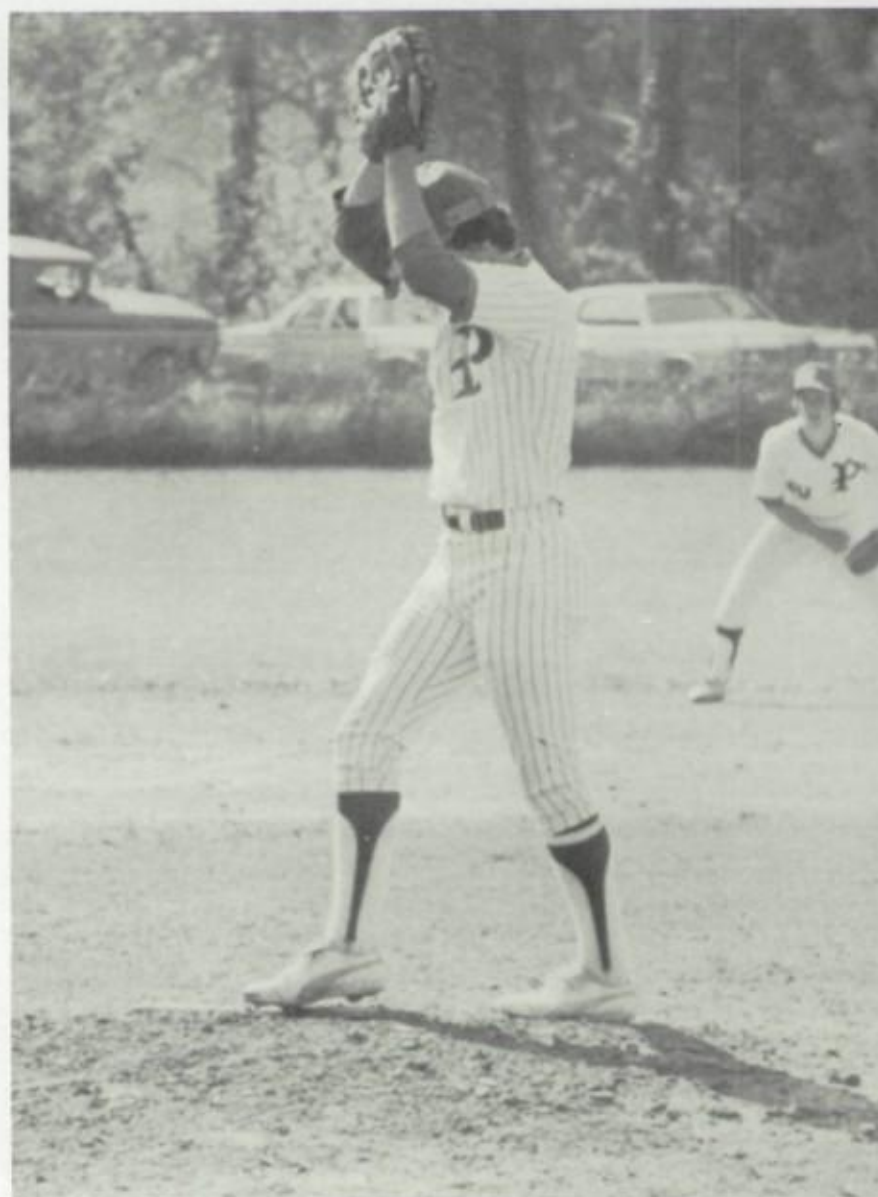

Mars Hill baseball teams have always hit the ball well and this year was no exception. Almost all of the panther's powerful lineup was capable of putting the ball out of the park at any time, and they very often did. Seniors David Wilhelm, John White, and Barry England, and junior John Carlton were the biggest threats to get a round tripper off an opposing pitcher. However, as the panthers were loaded with power hitters, they also had people to hit for average. The panthers had one man, John White, to bat over .500 for the season which is almost unbelievable. The entire lineup was very strong at the plate. They came up with the 'bloop' single or the line drive to score the necessary runs to win the close games. The panthers scored more than 60 runs in the state playoffs and championship games. The hitting of the baseball panthers was one of the strongest points in a very good season in the 1978-79 year.

. . . *Pitching* . . .

As has always been the case with the baseball panthers, the 1978-79 team was not weak on the mound. The two principal pitchers were senior John White and junior Jeff Broadfoot. John was the stopper on the team. He was called on and performed brilliantly in many pressure situations. Jeff was the second pitcher on the panthers staff and pitched well throughout the entire season. John Carlton was called on to pitch on occasion and he performed admirably. Stuart Mitchell saw limited action at pitcher but did extremely well in the pressure of the state championship game. The panthers' pitchers were called on time and time again to hold the opposition's bats in the late innings of a close ballgame and they responded well, as evidenced by their record. The panthers were hit hard by graduation in this department at the end of last year and this was a point of worry at the beginning of the 1978-79 season, but the pitchers rose to the challenge and were one of the strong points of the team at the season's close.

. . . *Base Running*

Base running was one area that the panthers excelled at. Any panther who reached base was a threat to attempt to steal at any time. All the panthers, with a few exceptions, were blessed with good speed which only enhanced the panthers potent offensive attack. They often put themselves into scoring position by stealing bases allowing more runs to score than would have been possible otherwise. However, as adept as the panthers were at stealing bases, this was not the only way they helped themselves on the base pads. The hit-and-run was a very effective weapon in the panthers' bag of tricks. Coach Willingham implemented this tactic without hesitation and it, more often than not, paid off very well. The panthers helped themselves very much with their skilled ability to run the bases effectively.

Panthers Have Good Season, 2nd in State

In only his third year as the head coach at MH, Coach Willingham has created a small dynasty here. In his first two years, he won the state championship and this year he carried the team to a second place finish in the state. The team had a fine year in route to a 20-7 record. They accomplished this against such fine competition as Bradshaw, Sheffield, and Deshler. Very few schools our size could play these large schools and come out with such a fine record. This year's team kept the winning streak in state play alive until the finals. They swept through the preliminary rounds, scoring more than 60 runs. But they ran into a fine team in the finals and were defeated. However, a second place finish in the state is no small accomplishment and the panthers are to be congratulated.

Sr. High Cheerleaders Boast Spirit in Sub-Par Season

The Mars Hill cheerleaders carried spirit with them to every game this year. This year's cheerleading squad showed the fans what the word "spirit" really means.

They gave support even when the going got tough and when many loyal fans were discouraged.

The year took a turn for the better near the end and the cheerleaders never lost faith in those "Panthers."

The Senior High Cheerleaders for 1979 are from (bottom left to right) Mollie Condra, Lauren Farley, Nancy Hargett (Head), Barbie Sherrod, (middle row) Beth Henry, Nina Hargett, Belinda Berry, and (top) Allison King.

*Varsity Panthers Work Hard Through 78-79
Season, Show Improvement Toward End*

1. Coach Williams gives instructions as he guides the Panthers through pressure situations encountered often during the season.
2. Stuart Mitchell shows great quickness as he embarrasses the opposition's gritty defense.

1. John White leaps above the crowd for a hard earned basket.

2. The Panthers for the 1978-79 Season: (bottom row, right to left) Barry McClure, Stuart Mitchell, Greg Elrod, Lindsey Hall, (top row) Barry England, Mark Behel, co-captain, Greg Tyon, (injured entire season), David Wilhelm, co-captain, John White, Richard Behel.

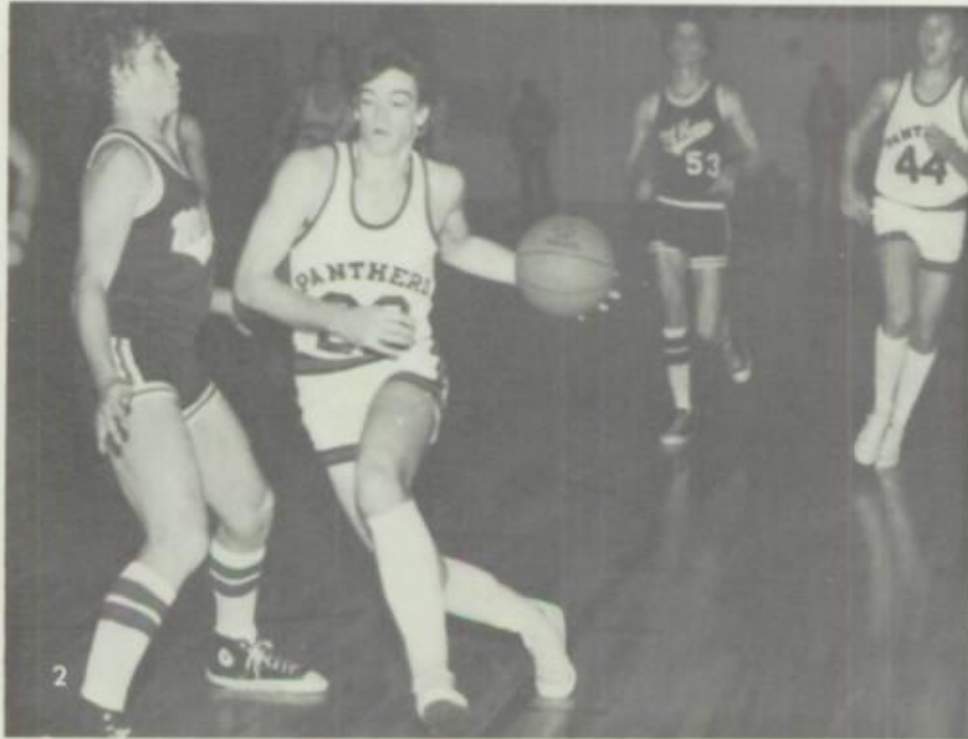

3. This was Coach William's second year as the head coach of the Panthers. The team encountered many difficulties through the course of the season but showed improvement toward the end of the year.

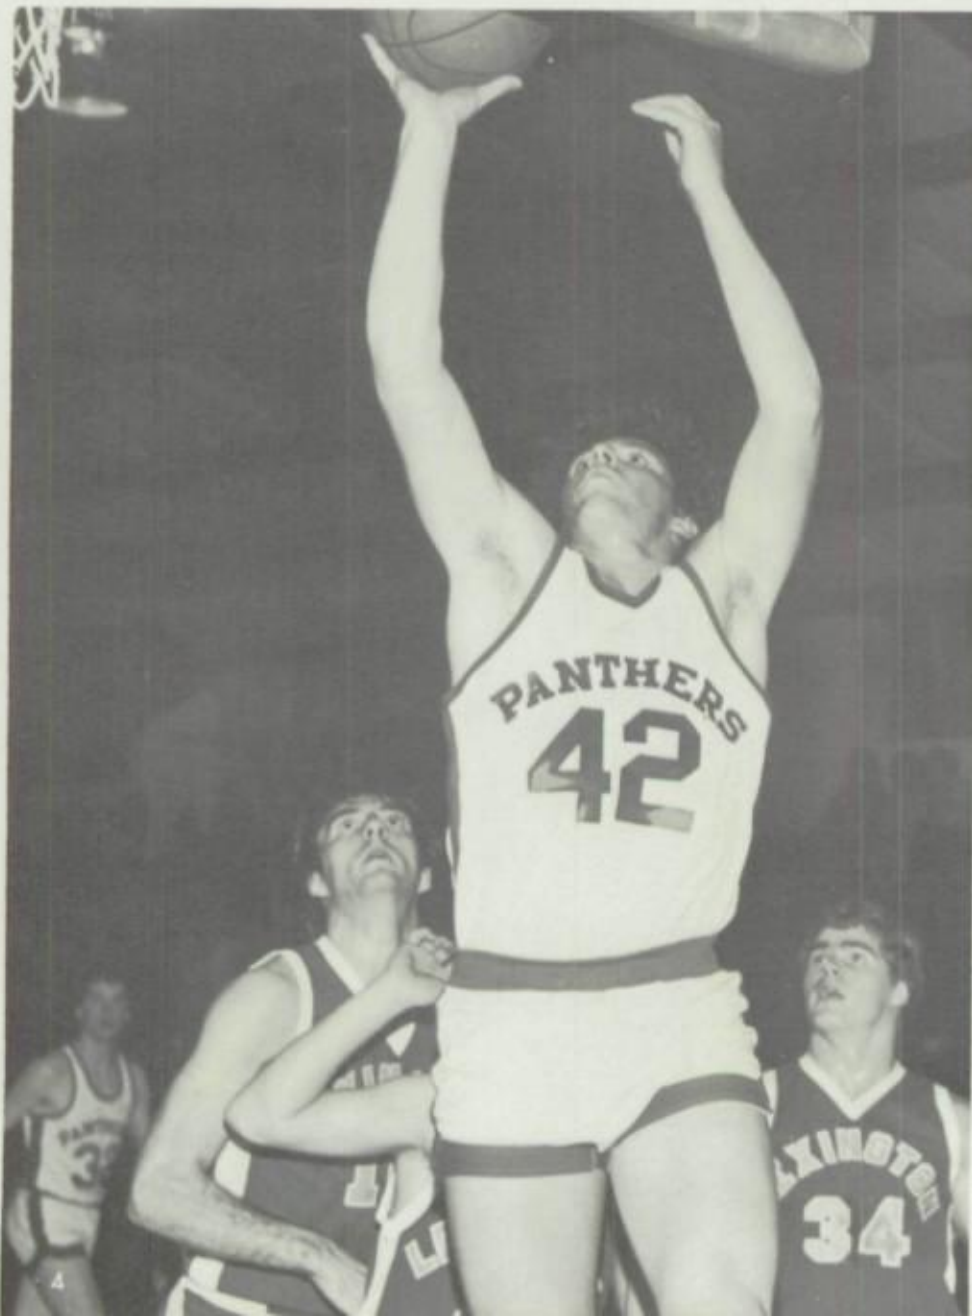

Panthers Finish 2nd in Area 16 Journey

1. Panther guard, Barry McClure looks for someone to pass to as the defense closes in.
2. Richard Behel eyes the basket after squeezing between two Clements defenders.
3. The Panthers are still mentally involved in the game as they rest.

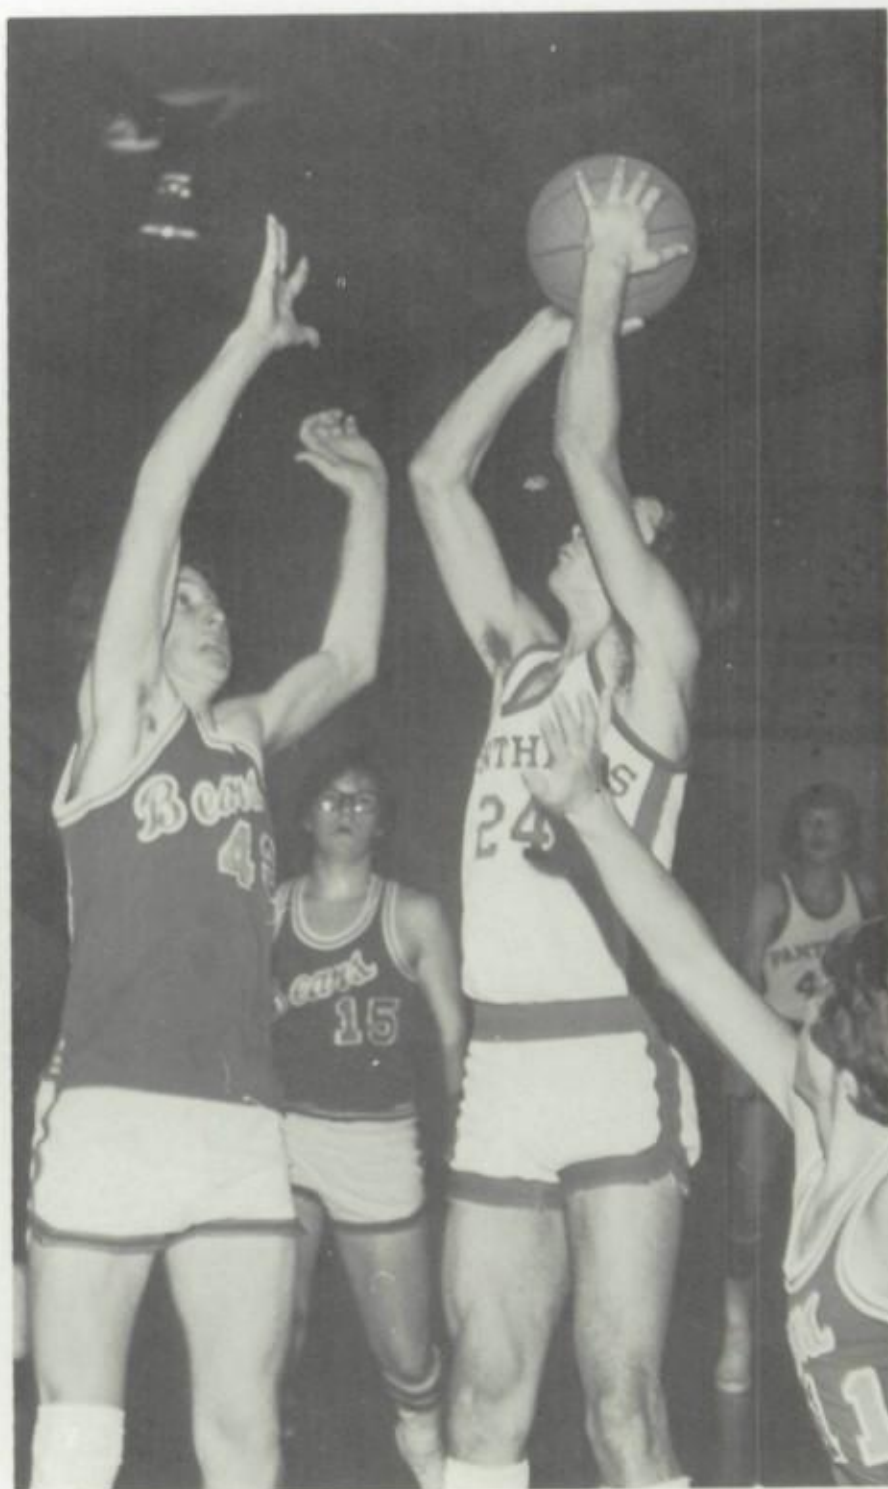

1. Mars Hill fans enjoy the game as the Panthers crush Mt. Hope for the homecoming game.
2. David Wilhelm "takes his man downtown" as he drives around him to put it in the hole.

Mars Hill Track Team Resurrected

After a few years of going unnoticed and doing almost nothing worth recognition, this year's track brought things back to life. There were a lot more people who were interested in track this year than has been in past years, and they accomplished a lot. They won a meet in Birmingham with several other schools. They won the sectional meet to qualify for the state meet. The people who qualified for the state meet were John White, Stuart Mitchell — 100 and 220 yd. dash, Richard Behel, Keith Robinson — 120 H. H. Richard Behel, Jeff Garrett — 330 I. M., Wayne Lewis, David Garrett — 440 yd. dash, Lindsey Hall — 880, Doug Smith — 2 mile, David Wilhelm, Stuart Mitchell, John White, Richard Behel — 440 relay, Lindsey Hall, Alan Greenwald, David Garrett, Wayne Lewis — mile relay, Richard Behel — Long Jump, Mark Behel — shot put and discus, Jeff Garrett — triple jump, Greg Elrod — pole vault, Richard Behel, Stuart Mitchell — high jump. The student council is composed of class officers from each grade.

Seniors, we challenge you to:

STOP!
LOOK!
LISTEN!

STOP!

Be thankful to God — without Him there would be no graduation, no teacher from whom to learn, and no school like Mars Hill in which to learn. God is all, and all in all. In Him we live, move, and have our being. Not only do you need God in your graduation, but you need to faithfully serve Him after graduation!

LOOK!

You have been taught properly — realize that in how you are taught rests in the fate of fortune of tomorrow's world. Discipline, order, and character are the foundation of learning; not permissiveness, anarchy, and perversion. The main purpose of Mars Hill is to build character — continue to live soberly, righteously, and Godly in this present world; looking for that blessed hope, and the glorious appearing of the great God and our saviour Jesus Christ.

LISTEN

Continue to be students beyond the classroom! We commend those who are graduating from high school. We are hopeful that the classroom has prepared you for what is beyond. Whatever the case, all of you should see the need for continuing to be students. Most jobs, businesses, professions, or vocations call for continuous learning on the part of those who participate. They also require you to listen or work with certain teachers who are supervisors, executives, or bosses.

Administrators Help Iron Out the Rough Spots

Mr. Jack Wilhelm has been President of Mars Hill since 1962. Mr. Wilhelm received his B.A. Degree from David Lipscomb and M.A. from UNA.

Mr. Wilhelm serves Mars Hill with dedication and diligence. He meets all his responsibilities with efficiency and effectiveness.

Mr. Wilhelm is responsible to the Board for the activities that go on at M.H., he helps raise money to operate the school, and acts as a host to visitors that come to M.H.

The students at M.H. appreciate Mr. Wilhelm and all he does to make M.H. better.

Lawrence Williams serves as Principal of Mars Hill Bible School. This is a very trying task which requires a great deal of patience and understanding. Mr. Williams has always served his position well, working out the differences between teachers and students as they arise throughout the school year.
